New Form of Warrant.
DEAR SUPERINTENDENT:
A new form of warrant which meets the requirements of the new law and has the approval of the State Examiner's department has been prepared for the use of school district boards.
We beg to advise that but one warrant book is needed in order to carry out all the requirements of this law. In fact there have been only a few changes made in the old form which has been in use prior to this time.
We are preparing a letter of instruction to be printed in the new warrant books which will assist the boards in carrying out the intention of the law and we believe that it will be no more difficult to write the new warrants correctly than it has been to write the old ones. We are of the further opinion that if the Board members will follow the instructions given in these warrant books that they will have no trouble in keeping their accounts correct.
It is not our intention that Superintendents and Board members shall be imposed upon by being forced to buy an unnecessary number of warrant books, and for this reason we have taken the interest to prepare this form and the letter of instruction. We will be glad to furnish a copy of this form and letter of instruction to any supply house that may desire it, or to County Superintendents if they desire to have their own warrants printed. A copy of the form of the new warrant will be sent to you within a few days.
Yours truly,
R. H. WILSON,
State Superintendent.
